Exams Overall Performance

Student Name: Adele Italic

Student ID: 2389

A summary of your performance is enclosed. This report provides you information on subjects you were tested. First you will see the overall exam performance (table and graphs used). This information may be used to understand your position in the overall sample of students who took the exam.

Table 1: Overall Exam Performance by Subject

Subject	Maximum.Possible.Score	Maximum.Scored	Percentage.of.Pass
Mathematic	60	55	87
Literacy	60	59	92
Geography	50	50	95
Biology	50	49	90

Individual results

Student Name: Adele Italic

Student ID: 2389

The overall pass score for every subject is 25. Your final score in each subject is shown in the table below. Please note, if you scored below 25, you did not pass the exam. Please refer to the overall exam results shown at the beginning for a better understanding of your performance in each of the subjects you were tested. If you do not see any of the results please contact your teacher for more detailed information.

The purpose of the feedback is to help you to understand your potential areas of weakness.

* Note: The names and IDs used in this report are randomly generated and do not relate to any individual. This report provides an overview of the high school performance based on the examination results. **Please note that the data presented here is for demonstration purposes only.** If you have any feedback or information requests, please contact us

Table 2: Individual Exam Results for Adele Italic (ID: 2389)

Subject	Result
Mathematics	25
Literacy	60
Biology	28
Geography	35
